

Aboriginal Procurement Policy – NSW Government targets

1% addressable spend directly with Aboriginal businesses

3% goods and services contracts directly with Aboriginal businesses

- The above targets represent 6 months from 1 January 2021 – 30 June 2021. Full financial year targets will be set for the FY21/22.
- Spend targets have been developed by calculating 1% of a cluster's average addressable spend over the past three financial years.
- Contract targets have been developed by calculating 3% of the average number of Disclosed Contracts by each cluster over the past three financial years. 'Disclosed contracts' refer to those contracts valued at over \$150k, per the *Government Information (Public Access) Act 2009*
