

Contingent Workforce Proactive Release of Information

Introduction

The Contingent Workforce Prequalification scheme (SCM0007) is a mandated Whole of Government arrangement for the sourcing and payroll of the contingent workforce.

The data consolidated in this report has been collected from three sources:

- Fieldglass Contractor Central Vendor Management System (VMS),
- Beeline Contractor Central VMS,
- Supplier reporting templates for transactions outside of the VMS.

Supplier reported data in this report is unaudited and may include errors, duplication and omissions. Where errors, duplications or omissions are subsequently identified, NSW Procurement will issue an amended report noting the change(s), or include missing data as late reported spend in the subsequent reports.

The Contractor Central VMS has been implemented in the following portfolios of agencies:

- Customer Service
- Education (including TAFE)
- Enterprise, Investment and Trade
- Health
- Planning and Environment (including Sydney Water and Water NSW)
- Premier and Cabinet
- Regional NSW (predominantly through Planning and Environment's VMS)
- Stronger Communities
- Transport
- Treasury
- Eligible Customers (note; ACT Government VMS data is excluded from this report)
- External to Government

Due to prior machinery of government changes, some business units are managed through a VMS instance other than the portfolio agency to which the business units currently belong.

Some recent machinery of government changes, such as the creation of the Department of Climate Change, Energy, and Water and the Department of Planning, Housing, and Industry, have not yet been reflected in the classification of the data. The data will be reclassified in future reports to reflect the alignment of agencies and business units with the current government departments.

'Eligible Customer' is defined under clause 6 of the Public Works and Procurement Regulation 2019. For example:

- Public Body: Private schools, colleges, hospitals, universities, and other Government jurisdictions from either Local or Federal
- Community non-profit organisations

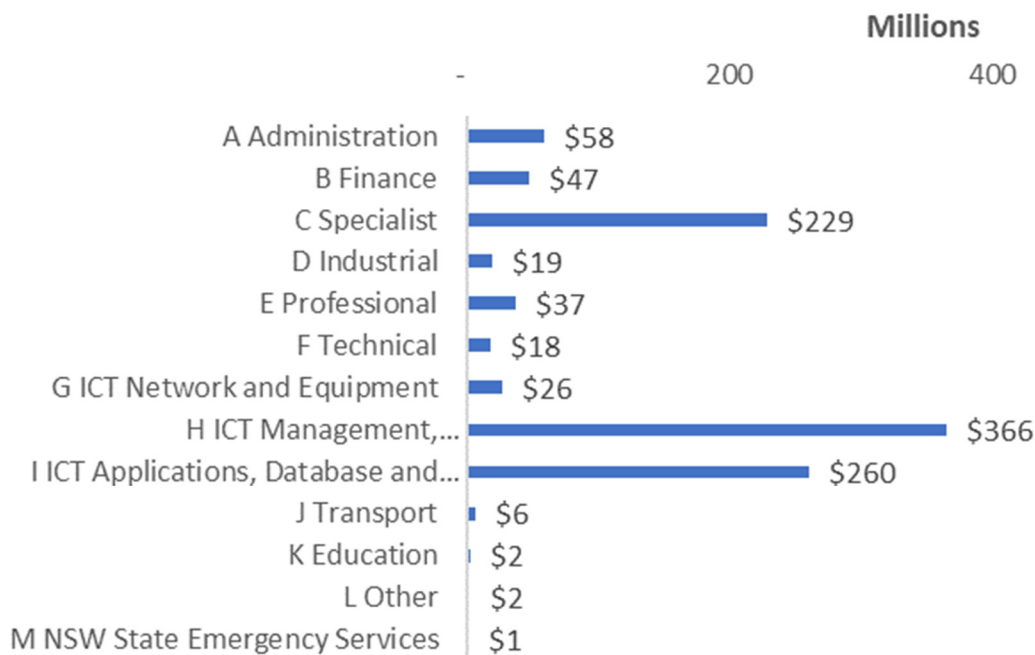

'External to Government Sector' means the Parliament of NSW, NSW Audit Office, ICAC and Judicial Commission.
