

# Contingent Workforce Proactive Release of Information

---

## Introduction

The Contingent Workforce Prequalification scheme (SCM0007) is a mandated Whole of Government arrangement for the sourcing and payroll of the contingent workforce.

The data consolidated in this report has been collected from three sources:

- Fieldglass Contractor Central Vendor Management System (VMS),
- Beeline Contractor Central VMS,
- Supplier reporting templates for transactions outside of the VMS.

Supplier reported data in this report is unaudited and may include errors, duplication and omissions. Where errors, duplications or omissions are subsequently identified, NSW Procurement will issue an amended report noting the change(s), or include missing data as late reported spend in the subsequent reports.

The Contractor Central VMS has been implemented in the following portfolios of agencies:

- Customer Service
- Education (including TAFE)
- Enterprise, Investment and Trade
- Health
- Planning and Environment (including Sydney Water and Water NSW)
- Premier and Cabinet
- Regional NSW (predominantly through Planning and Environment's VMS)
- Stronger Communities
- Transport and Infrastructure
- Treasury
- Eligible Customers (note; ACT Government VMS data is excluded from this report)
- External to Government

Due to prior machinery of government changes, some business units are managed through a VMS instance other than the portfolio agency to which the business units currently belong.

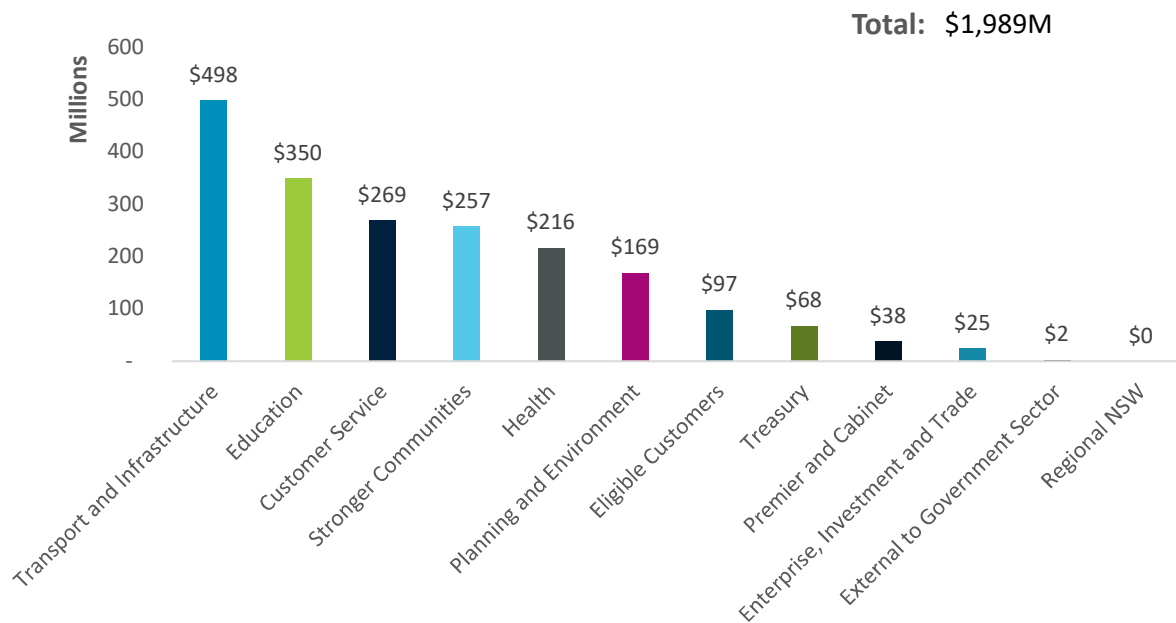

'Eligible Customer' is defined under clause 6 of the Public Works and Procurement Regulation 2019. For example:

- Public Body: Private schools, colleges, hospitals, universities, and other Government jurisdictions from either Local or Federal
- Community non-profit organisations

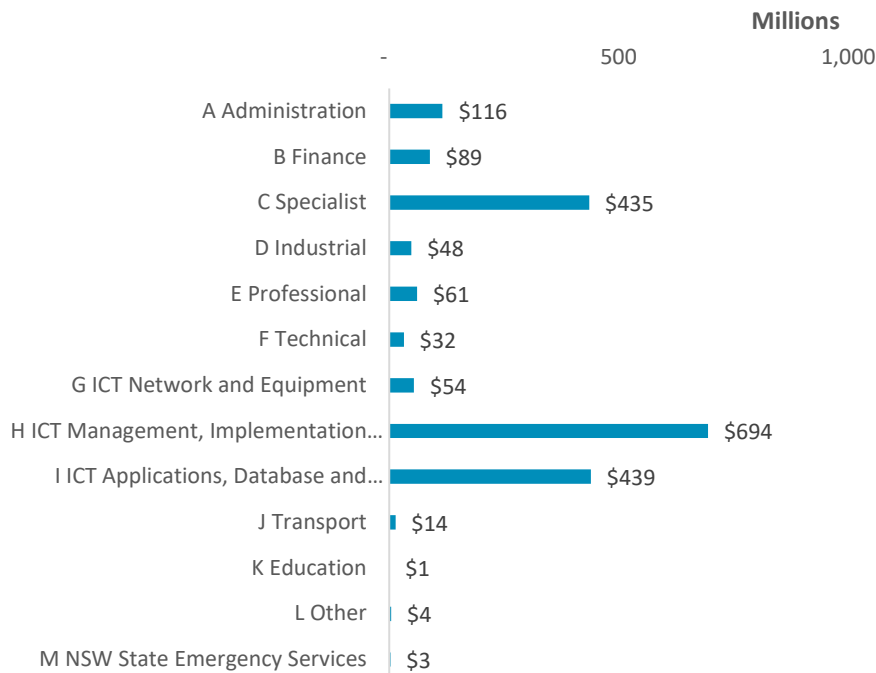

'External to Government Sector' means the Parliament of NSW, NSW Audit Office, ICAC and Judicial Commission.

# Aggregate Contingent Workforce Spend July 2022 to June 2023

## Reported SCM0007 spend by portfolio of agencies

## Reported SCM0007 spend by Category

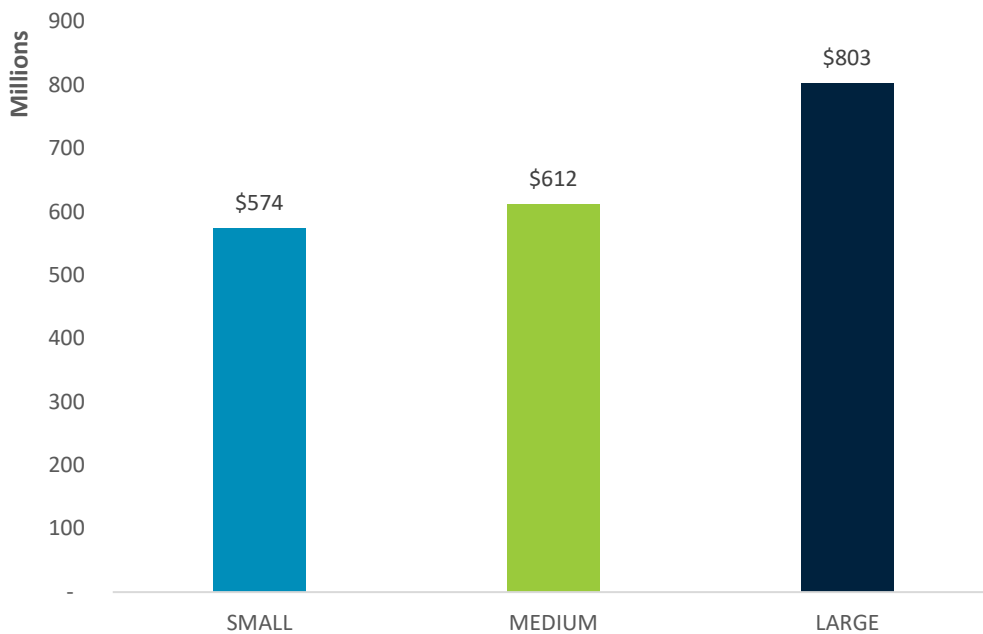

## Spend by Supplier Size

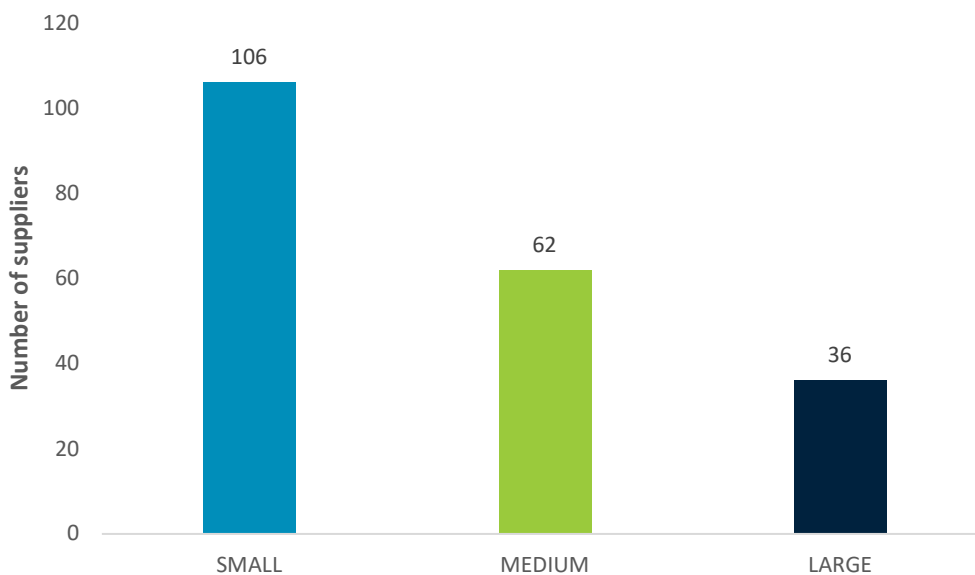

---

Suppliers are segmented based on the count of the full-time equivalent staff:

- Small 1 to 19
- Medium 20 to 199
- Large 200+

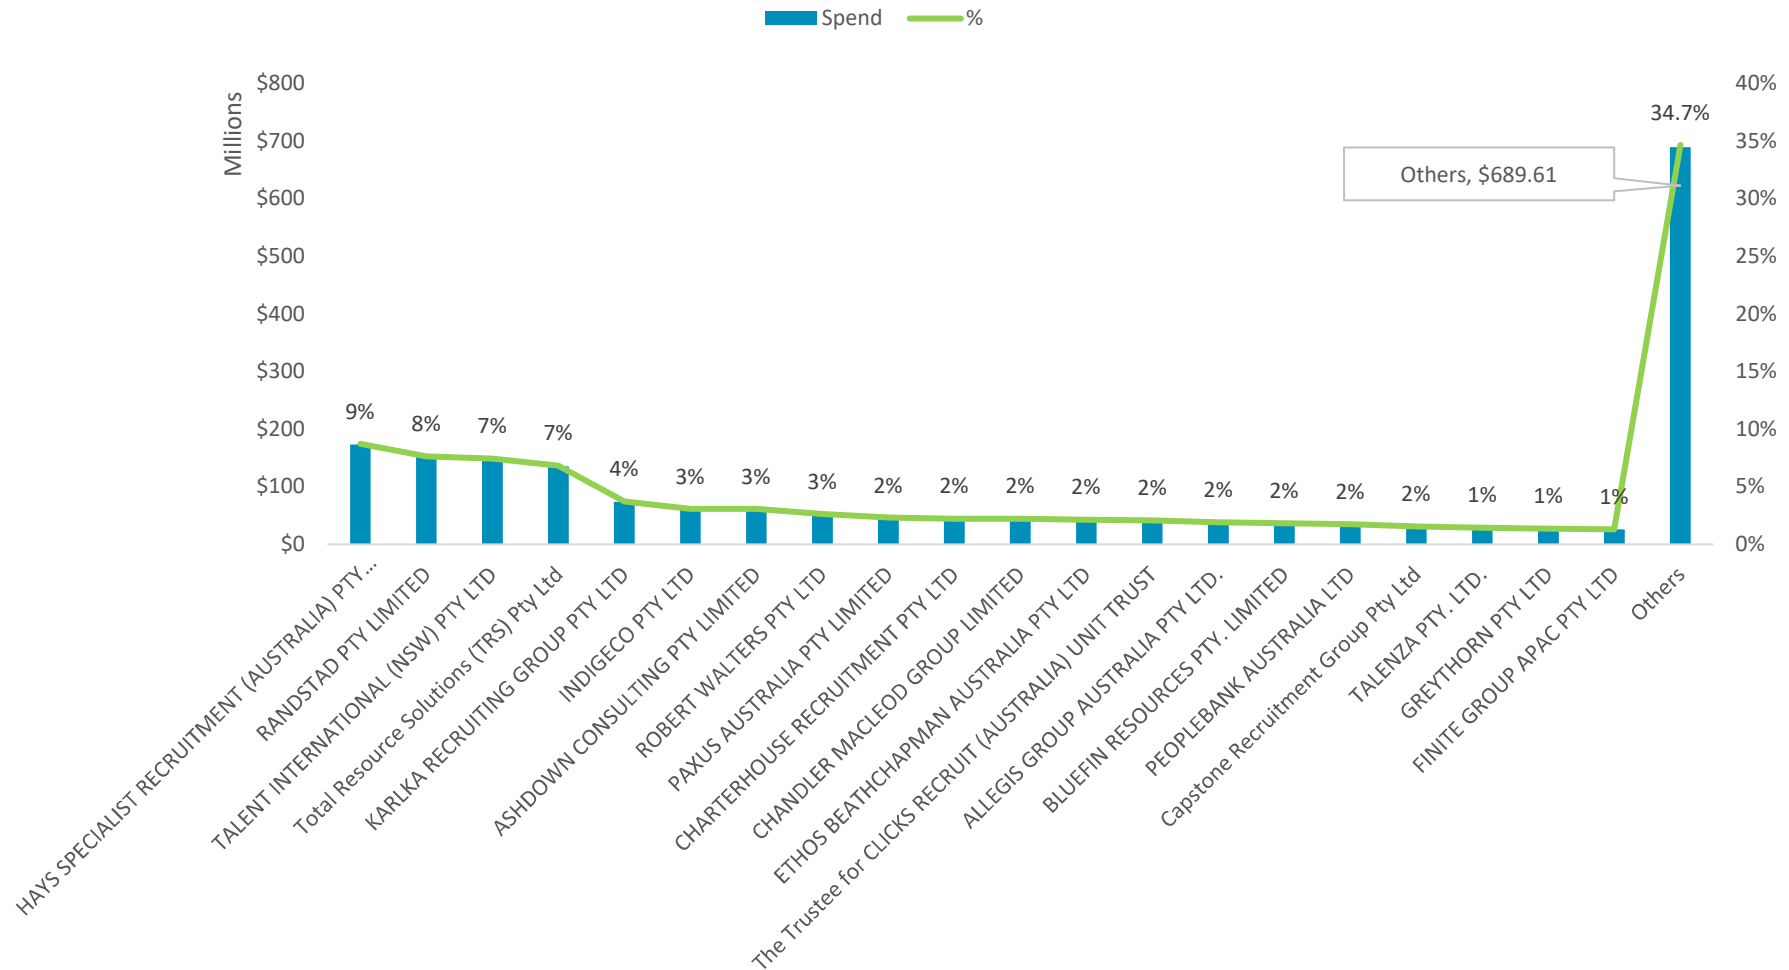

Number of suppliers with spend:

## Spend by legal entity

The top 20 suppliers represent 65.3% of the total spend.

## Working hours by Supplier and Cluster
